2. **Is the project within an incorporated area?** ( ) Yes (X) No  
If yes, what is the town or city? \_\_\_\_\_
3. **Location and Operations maps** must be plotted at a scale to accurately identify locational landmarks and operations details. All maps must include a north arrow, scale, appropriate labels, and title box including the mine name, township, range and section.
- a. The **general location map** must be the scale of a USGS 7.5 minute series map or equivalent (1"=2000') and identify new or existing access roads.
- b. The **operations map** (1"=200' or other scale as determined necessary by the Division) must be labeled and identify:
- The area to be disturbed;
  - The location of any existing or proposed operations including access roads, drill holes, trenches, pits, shafts, cuts, or other planned activities; and
  - Any adjacent previous disturbance for which the operator is not responsible.
- (Contact the Division for a list of consultants and land surveyors for mapping assistance.)
4. The proposed <sup>3 acre</sup> (5 acre or less) disturbed area (including access/haul roads) should be marked ON THE GROUND with metal T-Posts (or with some other marker of equal effectiveness). Markers should be appropriately spaced so that the next marker in either direction is clearly visible with the naked eye.

III. **OPERATION PLAN** (Rule R647-3-106)

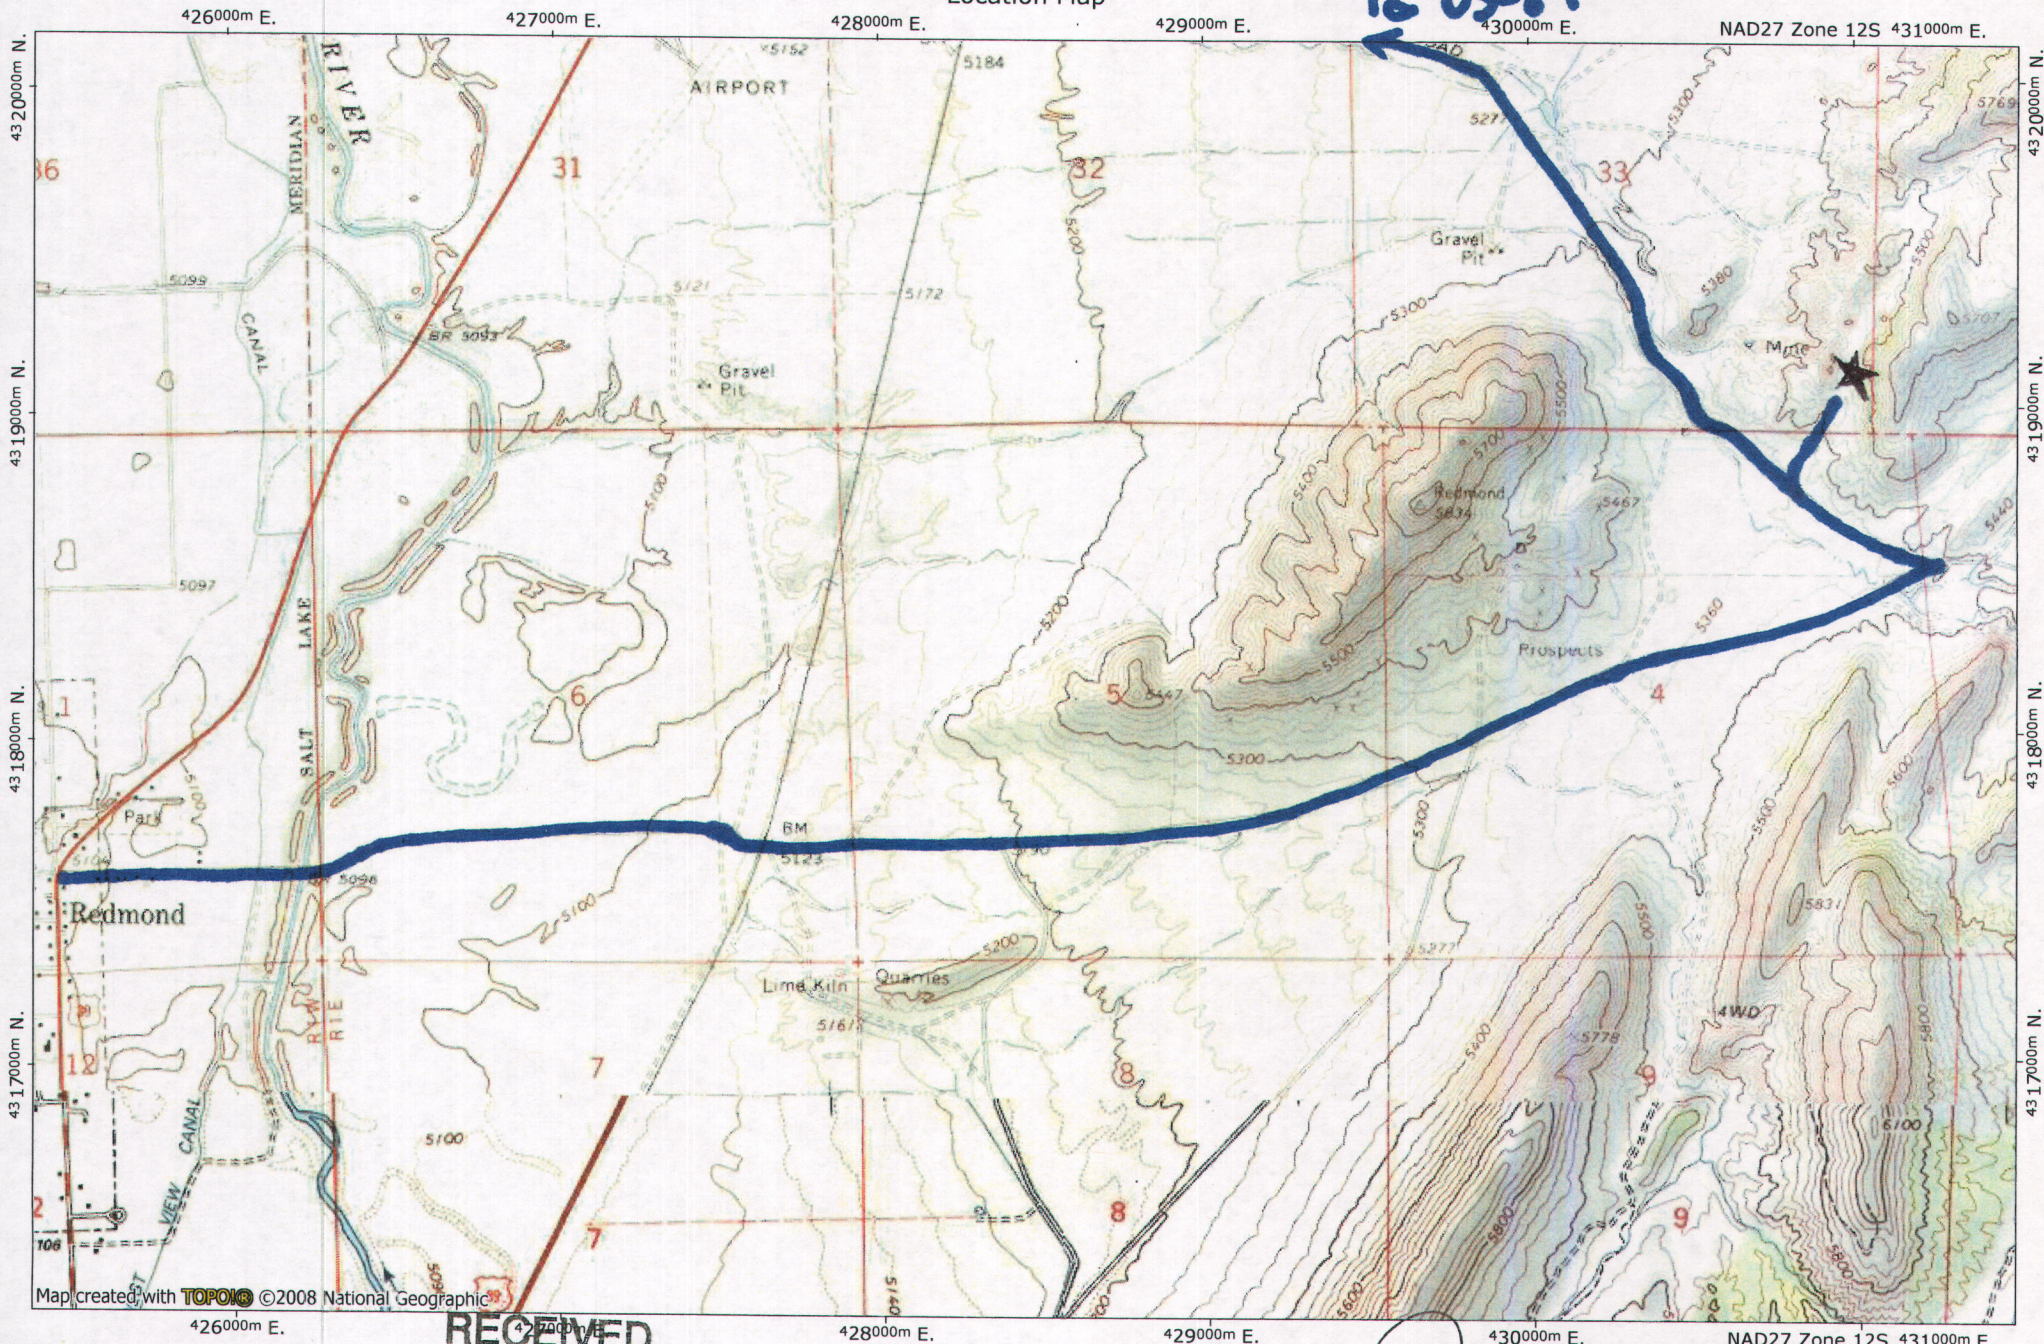

1. **Type of mining:** Surface (X) Underground ( ) **DIV. OF OIL, GAS & MINING**
2. **Mineral(s) to be mined:** SALT (Halite)
3. **Amount of material to be extracted, moved, or proposed to be moved:** 1000 Ton Salt  
massive amount of rock salt.
4. Will any **water, liquid chemicals, reagents, or other solutions** be used, produced or discharged as part of the mining or milling process? Yes ( ) No (X) If yes, please describe (add extra pages if needed): \_\_\_\_\_
5. Provide a brief **description of the proposed mining operation**, and onsite processing facilities (add extra pages if necessary). Remove over Benton dirt. then saw cut salt blocks 12" x 12" x 8" then Hypricr hammer, And use a loader & Grizzly to get the salt. The entire area is apparently salt. No pit is planned. No highwalls or slopes steeper than natural slopes will be left. Any waste rock will be dumped in a sinkhole adjacent to the north-south road and within permit boundaries. A 40 ft storage shed will be placed across this road from the salt deposit.
6. ( ) **New Road(s):** Length \_\_\_\_\_ (ft), Width \_\_\_\_\_ (ft)
7. (X) **Improved Road(s):** Describe improvements that need to be made to existing roads to access the site, including the Length \_\_\_\_\_ (ft) and Width \_\_\_\_\_ (ft) of new disturbances.  
Just Grade it.
8. Total project surface **acreage to be disturbed:** 5 (3 acres at a time) **PLEASE SPECIFY EXACT ACREAGE** (this will be used to determine surety bond amount - see #VI).
9. Proposed **startup date** (month, year): September 01
10. Proposed **completion**, if known (month, year): open NOT Know
